

## JUST SPLASHED BY JEFF MERRILL

### GRADY-WHITE CANYON 456

Grady-White's new Canyon 456 features the exclusive Sea Command Center helm with four individual electronically adjustable seats with fold-down footrests. CZone digital switching technology enables one-touch control of on-board systems including power, electrical, lighting, heat, air conditioning and seacocks. Grady-White's sea chest raw water reservoir allows remote electronic control for livewells, generator, air conditioning, washdowns and more. The entire helm area features an AV2 T-top with an integrated wraparound windshield, electronic side windows and large overhead hatch and a built-in SureShade electronically retractable cockpit shade plus 10 rod holders and LED spreader lights forward and aft. Forward of the cabin there are two large plumbed and insulated boxes to port and a huge 210-quart box starboard.

The Command Center complements the cockpit thanks to the aft-facing fishing station, with dedicated air conditioning/heating vents and seating for three. The middle seat sports a flip-up bolster that serves as a lean bar. Tackle storage is spacious and portside there's a sink with an adjustable pull-out faucet hose while the starboard side has an outdoor galley featuring a refrigerator and grill. Twin livewells are in the transom adjacent to the large aft refrigerated/freezer fish box and there's also room below for a Seakeeper gyro stabilizer to give added comfort. The console cabin features a galley with Corian countertops, microwave, stainless steel sink and a cooktop are located amidships on the starboard counter, with a refrigerator drawer below. Forward center, there's a dining table with seating for four. Lower the table for a forward berth that sleeps two. The large console head is starboard and includes a lighted, mirrored glass cabinet over the stainless steel sink, and a shower with teak floor.
