## Canyon 326 is Newest Addition to Grady-White Fleet

12-Jul-2019

If you're in the market for a center console, take a look at Grady-White's newest model, the Canyon 326. The 32-foot center console features an expanded beam, built-in swim platforms, dual Yamaha 300s or 350s, numerous fish boxes and more amenities that make for an action-packed day on the water. SureShade sunshades and Sunbrella canvases make relaxing away from the sun's rays easy as well.

"This boat fills a niche in our model line. It's perfect for the owner that wants more room than the 306 but isn't ready to jump to the 336," says Joey Weller, Grady-White vice president of sales. "Its numerous built-in features, the latest in innovative design, style and comfort combined with a variety of options makes the 326 a great addition to our already extensive line up."
