## Discover what's available for a new year and a new season of boating and fishing.

The idea that there is any boat out there that is better than all the rest is simply a myth. Likewise, there is no such thing as the best fishing boat, best family boat, best center console, or best bay boat.

What does exist, however, is a "best boat" for you – for your fishing needs, your cruising needs, your comfort, and your budget. In fact, somewhere among the 60-plus boat manufacturers featured in our 2020 Boat Buyer's Guide, you'll probably find more than one "best boat" that can provide many seasons of enjoyment on the water.
