The New Grady You've Been Waiting For

Our first *Coastal Explorer* blasted onto the scene in 2014 to the praise of owners around the world – especially for its inshore offshore capabilities not found in other boats in its class. Now, a new *Coastal Explorer* is about to make its debut. See our newest legend in the making!

A Fishing Machine Reimagined!

If you haven't seen it yet, you'll want to check out this exceptional new Grady-White center console that's chock full of fishing and cruising features. Take a tour with Fox Sports commentator, Will Christien, as she climbs aboard the new *Canyon 386* at the Fort Lauderdale International Boat Show.

Canyon 386 Checks All the Boxes for This Fishing Cruising Couple

Mike and Maria Adamson grew up boating in Minnesota, so it's no wonder they wanted to instill that same love for fishing and watersports in their children. Soon after they were married, they bought their first boat and continued boating, first as a couple, and then as a family. Today, empty nesters with three grown children, this Grady loving couple is enjoying retirement and a new pastime, cruising on their *Canyon 386*. "We bought this boat without even seeing it," said Mike. "That's how much confidence we have in Grady-White!"

Boat Prop Basics

The engine package and props for every Grady-White are specifically chosen to deliver maximum performance results. Together with Yamaha, the Grady-White engineers pair the best engine(s) and prop(s) for the boat. This informative video gives some insight into how propeller size, performance, and functionality enhance the overall performance of your boat.
