

## GRADY WHITE EXPRESS 340

The Express 340 hull design and layout with modern conveniences comprise what the company defines as a "next generation fishing machine." For overnight runs, the cabin sleeps four with helm access through a sliding door. The helm is elevated for improved visibility and features a deluxe captain's chair to port and Helm Master EX with Full Maneuverability. There's an

aft mezzanine seat to watch lines with easy access to the rigging station or optional grill and refrigerator. Other fishing amenities include 32-gallon livewell, 87-quart insulated box and a 166-quart insulated fish box that can be upgraded to a refrigerator/freezer. Optional stainless-steel outriggers with carbon fiber poles complete the package.
